CORPORATE PROFILE

One of the oldest nurseries in Singapore, Prince's has 50 years experience in the industry. Started out humbly as a flower shop, Prince's has evolved into a full-fledge landscape design and installation specialist.

Presently blessed with 2 nurseries and a headcount of more than 400 professionals, horticulturists, designers, engineers, florists and support staff, Prince's success is attributable to this dedicated and qualified team which also undergoes a rigorous training and development program, allowing us to be uniquely customer- and product-oriented at the same time.

At the international front, our global connections ensure that Prince's meets the needs of our customers. Strategic alliances with Europe, Australasia and Asia have been a boon to our service-oriented culture.

With success comes responsibilities. Our company believes firmly in CSR and we are a conscious participant in environmental conservation as well as an active institution for the disabled, reformed and older workforce.

LivePicture, an ingenious product of a Europe-based company, Mobilane, is finally distributed to Singapore by Prince's.

LivePicture, living picture made of plants, embodies innovation, design and landscaping to deliver stunning effects. The frame includes an integrated watering system with reservoir to ensure that the plants are provided with water for four to six weeks. The innovative patented construction requires no electric power.

LivePicture can be easily and quickly mounted on any brick or reinforced concrete wall using just a few screws.

All pictures and information related to LivePicture products are provided by Mobilane.

Plants make an important contribution to the indoor climate, through their production of oxygen, purification of the air and positive effect on relative humidity. Scientific research has shown that anyone who spends more than four hours per day in a room with plants will find it more comfortable and will be demonstrably more productive.

LivePicture is a stylish and space-saving solution to the use of plants in any interior environment. Rooms with limited space for plant pots will benefit from wall-mounted placement of LivePicture.

LivePicture requires minimal maintenance. It uses a system of plant cassettes that are easily exchangeable. Plants can be changed with ease, for instance to reflect the season or for special occasions such as Christmas or Chinese New Year.

BENEFITS

- Exchangeable cassettes
- Water supply for 4 to 6 weeks
- Integrated watering system
- No electricity or pump required
- Quick and easy installation
- Smart and silent full and empty indicators
- Can be personalised
- Exchangeable frame
- Modern design
- Improves the room's acoustics
- Contributes to a healthy indoor climate through oxygen production and fine-dust capture

LIVEPICTURE GO

EASY GREEN

Add vertical green innovation to your living, learning or work environment with the impressive LivePicture GO. Its simplicity means you don't even need green fingers to enjoy the beauty of plants. LivePicture GO has its own indicator that will let you know when the water tank needs filling. It has enough water storage capacity to supply sufficient water for 2 - 4 weeks. LivePicture GO has a capillary feature within the plant cassette ensuring the plants are supplied with the correct amount of water without you needing to think about it.

FUN GREEN

Enjoy the freedom and creativity of LivePicture GO. You can create your own designs or even a wall collage by installing multiple LivePicture GO's. LivePicture GO's versatility means it can be used both indoor and outdoor, as single or multiple units. Its plant cassette are easily removable and you can fill the pockets with plants that match your own taste, allowing you complete flexibility to suit your own preferences or change them whenever you choose. Mounting your living plant picture is easy too, the two screws and installation guide we provide. Choosing LivePicture GO will give you all the advantages of bringing a green environment into your space; it makes people happier, it creates a healthier indoor climate, improves air quality and of course it's beautiful too!
